

INNOVATIVE ICT EDUCATION FOR SOCIAL-ECONOMIC DEVELOPMENT

Thirty eight teachers from Belarus partner universities participated in two weeks internship „Innovative Study Methods” held at University of Economy in Bydgoszcz, Poland on 16 – 22 July 2017 and 23 – 29 July 2017.

The Goal

of the Internship was to familiarise the teachers of Belarus partner universities with innovative study methods and possibility to apply them creatively in the study process.

The teachers got acquainted with innovative methods of organising independent work of students, learnt to effectively apply project management and problem solving/problem-based learning methods. Practical approach of the internship in Poland was strongly appreciated by the event participants.

Modelling of IT Specialist Profile

The project experts and representatives of partner universities will attend the practical seminar „Modelling of IT Specialist Profile“ to be held at partner institution Lille University of Science and Technology, IUT “A” in France on 23 – 27 October 2017. During the seminar a profile of IT specialist competencies and a description of course requirements will be formed.

During the week of this activity Consortium Meeting 2 will be arranged as well to oversee and estimate the activities of the WP1 “Preparation” and financial aspects of the project implementation.
